

Retro RG™ Spare

BEHIND THE DESIGN:

From the beginning, we set out to create a spare ball that will withstand the test of time both in terms of style and longevity, needless to say - WE CRUSHED IT!

From the start, we knew durability and predictability is what everyone wants and needs from a spare ball. So, it was a no-brainer for us to use a basic traditional 3-Piece Core and wrap it with the brand spanning NEW High-Impact™ Pearl Urethane coverstock to ensure that it will do its job time and time again for many years to come.

It's safe to say that the Retro RG Spare will stick around in the bag a whole heck of a lot longer than any strike ball ever will.
