

1-YEAR PROTECTION PLAN
Simple 3-Step Process to

TRIPLE

The Life of Your Expensive Bowling Ball

Surface Adjustment (10)

- Keep your bowling ball surface consistent with a polish or sand

Finger Inserts (2) pairs

- Get a better "feel" of your ball for a more secure grip

Complete Resurfacing (2)

- Get out the nicks and scratches that don't allow your ball to roll "true"

Use our Ball Maintenance Checklist to keep yourself on schedule at all times

The E-Z Way to get more from your equipment, while you do less
