## Resurfacing to a 3000-grit Factory Finish

Resurface to the original factory finish using a ball spinner.

1. 500-grit Abralon® - Sand for 30 seconds on all four sides with firm pressure.
2. 3000-grit Abralon® - Sand for 10 seconds on all four sides with light pressure.

Storm recommends using the suggested cleaner/polish daily. Storm also recommends touching up the surface with only the final step every 20 games and resurfacing completely every 30-50 games.

Use Reacta Foam™ after every session.
