

Booster HV

R2S Solid Reactive

2000-grit Abralon®

\$ 888.88

## TORRENT™

- The textured **R2S™** Solid Reactive coverstock is prepped with 2000-grit Abralon to really dig through the waves of oil
- The new **Booster™ HV** (High Volume) Core features more mass than the original **Booster™** shape
- Looking for a great, new benchmark ball that works on heavy oil? The new Torrent is a workhorse for the down-and-in style
