

1500-grit Polished

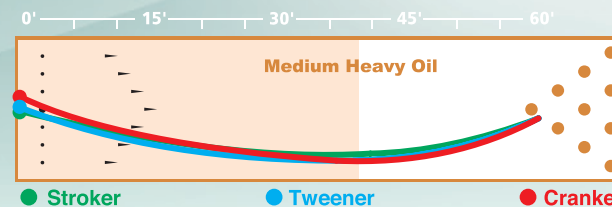

MARVEL™ PEARL

- The R2X™ pearl reactive shell provides great traction on the drier outside parts of the lane as well as the backends
- The Centripetal™ core's low RG, symmetrical design is driller-friendly and guarantees consistent and predictable results from the break point to the pocket
- With a 1500-grit polished pearl coverstock, the Marvel Pearl creates a clean glide through the heads with a strong, arcing motion through the pins

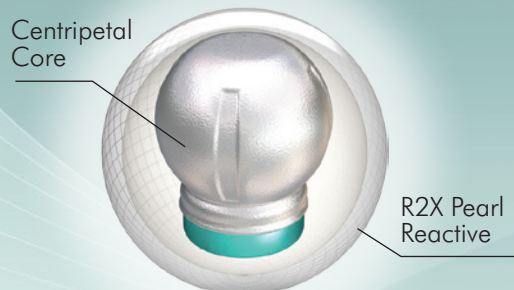

LBS.	RG	DIFF.
16	2.48	.052
15	2.48	.050
14	2.53	.049
13	2.59	.045
12	2.65	.035

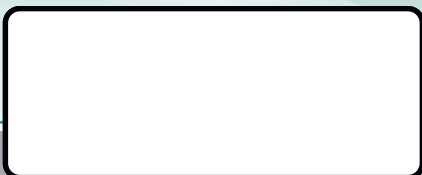

AVAILABLE WEIGHTS: 12-16 LBS
