

# THE NATURAL PRODIGY

Hello, my name is Samuel Duckett and I am 16 from Overland Park, Kansas. I started bowling when I was 8 years old but I didn't really become serious about bowling until I turned 12 years old. From then on I wanted to become a great bowler. So about a year later I went to a bowling camp in our area and one of the coaches recommended a Storm Rapid Fire Pearl. After the camp and using the new ball I started to raise my average and become a better bowler. I started to bowl tournaments and I made the finals of the very first tournament I bowled in. Storm helped raise my average to what it is today, 210. Storm has also helped me to bowl my first and only 300 game using the Natural. I have shot, at least, ten 700 series with the two highest (759 and 735) being with Storm equipment. This past year I started bowling the Heart of America Junior Classic tournament in the Kansas City area. I made it to the finals four times with a second and a third place finish. I know that a first place finish is right around the corner for me. With help from Storm I know I will win and crush my opponents.

Storm hits and carries the best of all the other brands I have tried. Today I have a Storm Natural and a Rapid Fire Pearl. These are both really good bowling balls and I plan on adding another Storm ball. I recently attended the Storm open house at Park Lanes in Shawnee, Kansas and loved it. It was a lot of fun. The people from Storm were nice and very helpful. It was great to try out all the new equipment from Storm. I really liked the 2 Fast it went pretty long but made a strong, controlled move on the back end and hit like a truck.

I am working hard to become a great bowler and some day I want to be a professional bowler. I am a huge fan of the PBA and I never miss a show. My favorite bowler is Norm Duke. I love how versatile he is. He can play any part of the lane and that is what I would like to learn how to do. I also want to become part of the Storm staff and gain enough knowledge to teach others about the game of bowling. I have a drive to do my best and to win.

I think I am the next prodigy because I am working on my mental game

as well as my physical game to give me an edge over my competition. I feel that if I had a full arsenal of Storm bowling balls I would be unstoppable. My opponents would not stand a chance. I would like to thank the people at Storm for considering me for this contest.

Do you fear a Reign of Fire that's too fast for the pins to handle? The Natural Prodigy can handle it with deadly force.
