

RAD-X Core

R3S Pearl Reactive

1500-grit Polished

## SNAP LOCK™

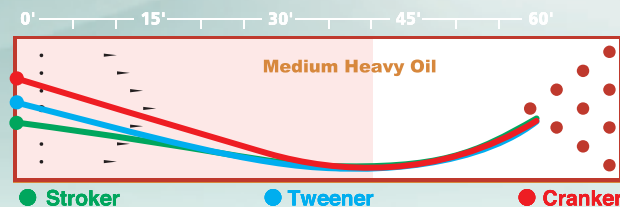

- Storm's highly reactive R3S™ (Reactor™ third generation) Pearl Reactive shell gives you a clean skid through the heads and massive traction on the backend
- The fast-rewing RAD-X™ Core is a proven success in the original Lock™. It optimizes ball motion and offers a fistful of power
- Do you want your ball to snap on the backend? Then you need the new Snap Lock. It's that simple
