

HYPED™ SOLID

\$ 8888.88
DRILLED

\$ 8888.88
UNDRILLED

CORE:

Hyped™ Core – Measuring in as the lowest RG core we have ever offered in the HP2 line, the Hyped Core provides more overall motion than the balls offered in the HP1 line, while providing a touch less motion than our HP3 line offerings. Thus, making this one of the best options we have ever constructed for the HP2 line of balls in history.

COVERSTOCK:

VTC™ Solid Coverstock: The VTC™ Solid reactive coverstock will provide earlier traction on the lane than the other two options. Not to mention that if you shine this coverstock it will provide a much smoother response to friction than the other two as well. Making this version super versatile and easy to adjust for any condition you may encounter.

Factory Finish: 3000-grit Sanded

ENGINEERED FOR:

Medium Oil Conditions

Available Weights: 16lbs – 10lbs
