

AXIOM™ PEARL

WELCOME TO THE NeX LEVEL

Before you feel the intensity, you'll see it. Unapologetically tenacious, powerful and not fragile, this first-ever Axiom shoulders its way to the front of the line. Vibrant colors and fresh style. Tech that's got people talking and performance that checks all the boxes. The Axiom Pearl brings them all together with eye-catching appearance and can-do attitude.

PERFORMANCE AT ITS CORE

Dynamics begins with physics and imagination. When motion, mass, and geometry are applied through a lens of innovation, a wholly new approach to bowling ball design is created: unequalled in the industry and guided by masters of the craft.

Rotation is the Holy Grail of bowling ball dynamics. We were bound for easy access to power and spin when designing the Orbital Core. Its compact and extremely dense central ball maintains a tight spin radius with a low moment of inertia. This means it revs up fast, with less effort required from the bowler. True, this type of complex engineering has struck an ironically delicate balance between internal and external forces. With the Axiom Pearl, that balance is struck from the inside out with a completely synergistic bond between core and cover.

Every aspect of a ball must serve a purpose. So, while the Axiom Pearl colors are unmistakable, they're not simply a matter of allure. Deep within its DNA is a blueprint for tenacity that's invisible to the naked eye yet evident on the lanes. In the classic case of sibling one-upmanship, the Axiom Pearl comes with the same forcible core with a new coverstock refinement. NeX Pearl enhances every facet of your game. This never-before-seen structural formula distributes power to the right place at the right time to provide reliable transitions and superior control. Think Nano™, but to the extreme. Midlane read and impressive backend come in spades with this chemistry. Never has a pearlized ball been able to dig in deep like the Axiom Pearl.

This is intertwined dynamics in the purest sense. Candidly beautiful and scrupulously assembled. Ultimately, it's a new bowling ball experience that can only be called the Axiom Pearl.

TECHNICAL DATA

COVERSTOCK

NeX™ Pearl Reactive

WEIGHT BLOCK

Orbital™ Core

FACTORY FINISH

1500-grit Polished

BALL COLOR

Cobalt / Graphite / Candy Apple

FLARE POTENTIAL

5-6" (High)

FRAGRANCE

Peppermint

"NeX Pearl enhances every facet of your game."
