DOPLAR™ Test

**Drive™**
- R2S™ Nano Hybrid
- 3000-grit Abralon®
- Dual-Drive™

**Timeless™**
- R2S™ Hybrid Reactive
- 1500-grit Polished
- Dual-Drive™

Tester: Steve Kloempken
Delivery: Right Hand Tweener
Rev Rate: 345 RPM
Rotation: 65°
Tilt: 13°

**Pattern:** KK-Middle Road

The Drive allowed us to move deeper inside and project it more to the outside
The Drive created 6% more midlane and 3.7% more backend reaction
The Drive handled much more oil than the original Timeless
The Drive continued to create strong entry angle even as we moved more inside
