

# IDOL™ HELIOS

\$ 8888.88  
DRILLED

\$ 8888.88  
UNDRILLED

## CORE:

**Ikon™ Core** – Made famous in the original IDOL, this Low RG/High Differential symmetrical core design produces added flare and continuation no matter the release or rev rate.

## COVERSTOCK:

**XtremeTrax™ Solid Reactive** – Derived from countless hours of mixing, formulating, and testing, the XtremeTrax material features “chemically charged” nano-particles that create more traction in oil while providing more responsiveness to friction than traditional nano-particle materials.

**Factory Finish:** 2000-grit Abralon

## ENGINEERED FOR:

Medium/Heavy Oil - Heavy Oil Conditions

Available Weights: 16lbs – 12lbs
